§ 1 Definition

- 7.2.01 Trials is a cycling competition in which a given circuit, comprising "supervised zones" (sections), has to be covered with a minimum of faults (penalties). The total duration of the race, necessary to negotiate all obstacles, is set accordingly.

§ 2 Sections (supervised zones)

- 7.2.02 The organizer shall, according to each category of competition, lay out a given number of sections (supervised zones).

In each category a maximum of 2 artificial sections is allowed (exclusive of indoor competitions). A section is considered to be artificial if all materials used are artificial. Sections with both artificial and natural elements are not considered to be artificial sections.

(text modified on 1.01.04).

- 7.2.08 Each section shall comprise a 3-metre "neutral zone", ahead of the starting line, on which shall be a single participant.
- 7.2.09 The finish line shall be at least 3 metres after the last difficulty (obstacle) to avoid any argument over penalties.
- 7.2.10 Entry to and exit from a section shall be judged on the front wheel axle.
